

Message to the Central Committee of the Communist Party of Greece

Dear comrades,

On occasion of the 95th anniversary of the foundation of the Communist Party of Greece the Central Committee of the Party of Labour of Austria conveys its fraternal and solidary greetings.

The history of the KKE is full of heroic struggles against capitalist suppression, imperialist aggressions, foreign occupation and fascist dictatorships. During all these years the KKE stayed firm as a militant and revolutionary party of the Greek working class and as an ally of the suppressed social strata of the people. Even more, the KKE was and still is an important defender of Marxism-Leninism against revisionism, counter-revolutionary confusion and today's post-modern "leftism". Not least the KKE is a party of proletarian and socialist internationalism, of anti-imperialist solidarity and of fraternal support and co-operation.

For these reasons - just to mention a few - the KKE is a shining example for the communist and workers' parties of Europe and the entire world. The Party of Labour of Austria is filled with pride to find a party like the KKE as fraternal comrades by its side.

Please accept our best wishes celebrating your anniversary and preparing your contemporary and future struggles. We are profoundly convicted that the KKE will successfully accomplish its tasks in leading the revolutionary class struggle for socialism and the classless society.

Long live the Communist Party of Greece!

Long live Marxism-Leninism!

Long live international solidarity!
